Part B for [illegible]

SUBJECT

proposal for the reorganisation of the Department of Sericulture

D2256-9 & 12-10-46

To the Supdt Sericulture
" Comptr Exp & D
Comptroller M.C.

Extract from para 28 of Sericulture File No.157 of 42. Dairy No.5422.

1) The Special Officer has proposed, in this connection that the 6 posts of Demonstrators on Rs.35/- per mensem, each, sanctioned for the Emergency Scheme (vide G.O. date 2-2-42) may also be given the grade of Rs.35-2-45 attached to similar posts. This is a temporary scheme and it may not be advisable to attach grades to the posts sanctioned for this. It may not be out of place if it is mentioned that a large section of the Sericulture Department is sanctioned on a temporary basis and is being continued fr time to time. Please see pp. 30 et.Seq. of the gradation list put up. The work of the Department has increased enormously and many of the developments are of a permanen nature. It may be necessary to reorganise and reallocat the staff of the Department and to think of making some of the temporary staff at least permanent. The Special Officer may be asked to examine the question in all its details and submit comprehensive proposals for the orders of Government. This may be dealt with separately.

I do not think it is necessary to revise these grades now, pending the submission of comprehensive proposals referred to below.

Subs

In the light of the above circumstances, the proposition statement will, if appd. be ret to the S.O. with a request that he might send revised proposals in accordance with the Comptroller's remarks.

A.O. 2823/44-5 dt 4-11-1944.

forwarded the letter Special Officer for favour of needful & return

for Chief Sec

Returned with compliments.

1 Two proposition statements, one for the Special Officer and his establishment, and the other for the Superintendent of Sericulture, his establishment and the Farm staff are now sent. In these statements it has been clearly indicated as to which of the staff is temporary and which is permanent

2 By sending separate proposition statements as mentioned above the Comptroller's objection in the second paragraph of his un-official note has been met.

3 It is clear from the Government Order No. 5875-77/ Seri. 143-41-11 dated 17th February 1943 that the establishment sanctioned therein is not only for attending to the work connected with the Silk Filature Expansion Scheme but also for supervising and guiding the work of the Department of Sericulture wherein the work has been steadily developing all these years and will develop further.

Serial No.

12 For these reasons the Special Officer and his establishment sanctioned in the Government Order dated 17th February 1943 have to be continued even after the Filature Expansion Scheme, made permanent and treated as a part of the staff of the Department of Sericulture.

13 This staff may be shown in the budget of the Sericultural Department under the head "Direction" and the contribution from the Government of India towards the salary of and travelling allowance etc. of this staff during the period of the Filature Expansion Scheme may be shown as a deduction from the expenditure on account of the staff.

14 In the revised proposition statement relating to the Farms staff I have, on reconsideration, proposed four Assistant Superintendents of Sericulture as against two formerly proposed and now existing. It will be necessary to decentralise the administrative work of the Department and to create two more Circles at Mugur and Kunigal as against the two Circles now existing at Channapatna and Sidlaghatta. Four Assistant Superintendents will be necessary for being in charge of these four Circles. I have also proposed higher grades to the executive staff in view of the heavier responsibilities involved. There is keen demand for trained staff from outside the State and higher salaries are offered by Bombay and other places. Similar staff in the Departments of Sericulture in Madras and Bengal are getting very much higher salaries. It would not be possible to retain the services of fully trained people in Mysore if better emoluments are not offered and living wages provided. As the work and responsibility have increased and are increasing and as trained staff are difficult to secure and to retain better propects have to be offered to our staff.

15 On account of revised grades now proposed to the Farms staff (executive) and inclusion of two more Assistant Superintendents of Sericulture the cost has increased.

16 The extra cost would amount to Rs. 46,206 per annum on account of the proposals now submitted as per details shown below.

1. Direction	Extra cost per annum.
Special Officer, Silk Filature Expansion Scheme and his establishment.	Rs. 1,896/-
Superintendence and Farms. (Executive staff)	38,550/-
Office establishment of the Superintendent of Sericulture.	1,350/-
Office and Accounts staff for Farms and Grainages.	4,410/-
	46,206/-.

17) This file may be sent to the Comptroller unofficially for verification the proposing statements.

G.O.-268/44-5 13-12-1944

18) Forwarded up to the 11/12/44 Comptroller for favour of verification & return.

Shamanna

573/Spl. 20.2.45 12.12.44. Deputy Secretary

U.O.No.1471/Books. Dated, 27-2-1945.

19) Returned with compliments, duly verified.

20) 2. The proposals involve an extra cost as noted below:-

2 (i) Proposition Statement relating to the Office of the Special Officer, Silk Filature Expansion Scheme, Bangalore:-

Extra cost is Rs.157½ per month or Rs.1,890/- per annum upto 30-6-46 (the period upto which the present contract with the Government of India will be in ~~xxxx~~ force as per Government Order No. D.5309-74/Seri. 143-41-10 dated 17-2-43) and Rs.19,470/- per annum thereafter. This excludes Accounts Establishment now working under the Special Officer, Silk Filature Expansion Scheme.

21) (ii) Proposition statement relating to the Office of the Superintendent of Sericulture and the Silk Farms:-

(a) Superintendence and Farms - Executive Staff - Extra cost is Rs.6,866 4/9 per month or Rs.82,397⅓ per annum under permanent establishment against a reduction of Rs.3,654/- per month or Rs.43,848/- per annum under Temporary Establishment.

(b) Office Establishment of the Superintendent of Sericulture:-

Extra cost is Rs.239 1/6 per month or Rs.2,870/- per annum under permanent establishment against a reduction of Rs.126⅔ per month or Rs.1,520/- per annum under temporary establishment.

(c) Office and Accounts staff of the Farms and Grainages:-

Extra cost is Rs.666¼ per month or Rs.7,995 per

per annum under permanent establishment against a reduction of Rs.298¾ per mensem or Rs.3,585/- per annum under Temporary Establishment.

Sd/- Srinivasa Iyengar
Comptroller (in charge).

The Chief Secretary to Government. Cy 27.2.46

22) Submitted for perusal. The proposals involve an extra cost of Rs 46,200/- per annum.

23) For orders.

1/3 27/3

24) Kind attention is invited to paras 20 & 21 supra — vide flags 's' and 't'.

6/3.

25) The proposals sent by the S.O. are on the reorganisation & revision of the staff of (1) the Special Offices appointed in connection with Fil. Exp. Scheme & (2) the Deptt. of Sericulture excluding the research section in the Govt Farm at Channapatna (ii) the temporary staff sanctioned in connection of Sericulture in Hosakote Taluk (iii) the Silk Testing & Conditioning House Channapatna.

26) Re (1) staff of the Special Office it is submitted that this is sanctioned purely for a period of 3 years ending the June 1946 & is in connection with Filature Expansion Scheme & the cost borne by the Govt of India. This cannot considered as part of the Seri. Deptt

Rs 3872 p.m. or Rs 46410 p.a.

The papers in the file are neither arranged properly nor flagged. Paras not numbered. Hence attention should be paid to these things.
7/3.

as stated by the SO in para 12 supra, as with the appointment of Mr Shamsuddin Khan as Spl officer it has been ordered that he will not have control over the deptt of Seri which will be placed under Mr Ramuda Rao after his return from leave Hence the proposals for revision of pay of this Section need not be considered now. may lie over.

27) Re (2) Staff of the Deptt of Sericulture

The activities of the Deptt have increased enormously during the last few years especially after the undertaking of the Expansion Scheme. The area under mulber has more than doubled itself (it stands now at about 70,000 acres) + seed supply farm + research work have to keep pace with this enormous expansion. Refce is also invited to para 1 of the notes supra. The revenue + expenditure of the Deptt has also increased to more than double the prewar time. In view of this expansion + the growth in the work + importance of the Deptt, it appears necessary to sanction increases in staff as also suitable improvements in pay + prospects.

28) The proposals × are made in this part as follows:- (i) Superintendence + Farm Executive Staff. The existing grades of

the Supdt & Asst Supdts overlap each other & This is proposed to be avoided. ~~The~~ The pay of the Supdt is proposed to be fixed at 400-30-700 (existing 250-25-500). The Deputy Directors of Public Instr get 400-25-700, ~~Reg Dirs~~ of Agriculture Rs 700-50/2-800, of Industries & Commerce Rs 600-50/2-700. The Deptt of Seri is now made independent of the Deptt of Itc after the inception of the Sxp. scheme & ~~reduces not~~ the grade proposed does not appear to be excessive for the post of the ~~senior~~ head of a minor deptt. It may perhaps be revised to Rs 400-25-700.

29/ The proposal in increasing the number of Asst Supdts for 2 to 4 & revising their grade from 150-20-350 to 200-20-400 may be sanctioned.

31/ The other proposals may be sanctio It is not clear however why it is proposed to reduce the number of operatives for 121 to 100. Most of the 121 are temporary & the permane number is proposed to be increased to 100).

31/ (ii) Office Estt of the Supdt of Seri.

32/ The proposals may be sanctioned except that the pay of the clerk working in the office of the Spl officer be revised to Rs 50-3-75 instead of to Rs 60-4-80.

(iii) Staff of Farms & Drainages.

except that the grade pay of the two classes of accountants be fixed at Rs 30-3-60 and 30-3-45 respectively.

34) The net ~~increase~~ extra cost of the proposals, as made by the S.O. taking into account the cost temporary establishments also is (as verified by the Comptroller)

	per month	per annum.
(i) Supdts & Farms —	Rs 3,212 4/9	or Rs 38,549 1/3
(ii) Supdt' Office —	Rs 112 1/2	or Rs 1,350
(iii) Farms & Grainages —	Rs 367 1/2	or Rs 4,410
Total	Rs 3,692 4/9	or Rs 44,309 1/2

There may be a small reduction if the suggestions in the above notes are accepted.

35) It is submitted in this connection that it may be necessary to increase the number of Senior Seri Insprs & Seri Inspectors. The S.O. has proposed the ~~not~~ continuance of the existing number only. Anyway, it may not be necessary at present to go beyond the recommendations of the S.O.

36) This may perhaps be submitted to the Fin'l Secy after submission to the Minister Ftes.

Addl. Secy) 7/2 4/11/45

37) A separate reference has been received from the present S.O. that he is sending up revised proposals in regard to reorganisation. This may await.

Letter No. E 1015 dated the 28th June 1945 from the Sc. forwarding fresh proposals in respect of the re-organisation of the Department of Sericulture.

56). The extra cost involved in the revised recommendations of the S.O. Comes to Rs. 63,000/- per annum.

57) As the proposition statements will have to be sent to the Comptroller for verification, after Govt approves the recommendations of the S.O generally.

58) For orders.

(35/30) The proposals are summarised in para 8 of fnd.

There is a separate proposal for raising the pay of the Supdt of Seri for Rs 250-25 to 700-50/2-800. This is being dealt with in the CPB. The present proposal is to bestow it to Rs. 800-50-1000 and redesignate it the Director of Sericulture. This is the others.

There are now two posts of Supdts carrying a pay of Rs 150-20-350. It is proposed to convert one of the posts into that of a Supdt. Seri. on Rs 400-25-600 & to revise the pay of the other to Rs 200-20-400. This is proposed.

The other proposals regarding making certain temporary staff of the Dept permanent

Reorganisation of the Department of L...

and revising the scales of pay & the sanction of certain extra staff may be sanctioned.

(3) The SO has proposed that the post of Personal Asst (gazetted) on Rs 150-20-250 may be sanctioned. This may perhaps be revised to Rs 150-25/2-250. The other staff ~~now~~ required for the Head office the farms viz one manager, one Steno-typist & 10 clerical posts may also be sanctioned.

(4) The revised rates of Hill Allowances for the Senior Instr., Seni Demonstrator & operators are Rs 30, 20, & 15 respy. These may perhaps be ~~exceed~~ to Rs 25/-, 15/-, 10/- pm respy.

Submitted ~~for orders~~. Rep para 5(4).

81) These proposals are for the reorganisation of the Sericulture Department at an extra cost of Rs. 63,150/- per annum. The extra cost is partly due to increase in the scales of pay and partly due to increase in the number of posts in higher appointments. The need for the increase in the number of posts has to be carefully examined in the administrative branch. The department may perhaps work for some more time with the existing staff till conditions

P.T.O.

NOTE Contn. Sheet.

It is only after examination & discussion with Supdt that proposals in para 80 were made. The increase in staff is very necessary Dows 5/10/

Reorganization of the Sericultural Dept

Minister PW & Forests ... Secy. Fin. Dept. 84/B

Reorganization of the Sericultural Department

Continuation Sheet. File No. Current No.

85) I have examined the proposals for the re-organisation of the Sericultural Department sent to Government from time to time both by the Superintendent of Sericulture and the Special Officer, Filature Expansion Scheme. The final proposals involve an additional expenditure of Rs. 63,150/- per annum. I agree with the Superintendent of Sericulture that Sericulture industry is very sensitive to external influences and the trend of market conditions. Though this industry has developed to some extent in the State during the War period, it is not possible to forecast as to what the effect of the cessation of War will be on the future of the industry. It is within our experience that there was considerable shrinkage in the industry during depression period. I am not, therefore, in favour of committing Government to increased cost on establishment.

86) I am not in favour of creating a post of Director of Sericulture on a pay of Rs. 800-50-1000 as proposed. This proposal is perhaps on the analogy of the Director of Agriculture and Director of Industries and Commerce. While these officers have the entire State as their jurisdiction the jurisdiction of the Head of the Sericulture Department is confined to one or two taluks of Kolar District, a few taluks of Bangalore District and some taluks in Nanjanagud Sub Division in Mysore District. In my opinion, the present designation of the Superintendent of Sericulture may continue on a grade pay of Rs. 350-25-500 as against the existing grade of Rs. 250-25-500 so as to avoid overlapping of the grade of Rs. 150-20-350 attached to the post of the Assistant Superintendent with this.

87 I am also not in favour of the proposal to promote one of the two Assistant Superintendents as a Superintendent of Sericulture on a grade pay of Rs. 400-20-600. I feel

Council matter

WD 1140—GPB—50,000—5-11-42

83 The cost as per revised proposals

Minister PW 8 7 Secy with

Reorganisation of Seri Dept.

there is a necessity for one more post of an Assistant Superintendent to be in charge of Mugur farm and Circle with the present scale of pay of Rs. 150-20-350 as agains two more places proposed on a pay of Rs. 200-20-400. I find that in the original proposals of the present Super tendent of Sericulture sent up along with his letter dat 6th September 1944, he has made provision for only one m Assistant Superintendent.

88 The proposal to create three more places of Senio Sericulture Inspectors, thus making 11 as against the ex 8 places and giving a grade pay of Rs. 100-10-200 may be sanctioned as they have to be in charge of Sericultural farms and Government grainages as set forth in the alloc tion statement.

89 The proposals of the Superintendent for 20 Sericu Inspectors as against 15 on a pay of Rs. 60-4-80, 50 Seri- cultural Demonstrators on a pay of Rs. 30-3-60 as against 48, and 124 Sericultural Operatives on a pay of Rs. 20-2-. against 121 may be accepted.

Ministerial establishment:-

90 The existing temporary post of an Office Manager m be made permanent on a pay of Rs. 60-5-100. 2 Clerks on pay of Rs. 30-3-60 and 4 clerks on a pay of Rs. 25-1-30 an an Accountant on the existing pay and a Steno-typist on Rs. 30-3-60 may be sanctioned for the office of the Superi tendent.

6 Accountants on a pay of Rs. 30-2-40, 19 clerks on pay of Rs. 25-1-30 and three Steno-typists for three Assis Superintendents on Rs. 35-3-50 may be sanctioned.

TYPING SECTION 1 JAN. 1946 GEN. & REV. SECTT.

CHIEF SECRETARY 24 JAN. 1946 MYSORE

Returned with a Circulation Memo. Sd 24.1.1946

The activities of the Sericulture Department have increas considerably during the last few years, especially, after the und taking of the Silk Filature Expansion Scheme. The area under mulberry cultivation has more than doubled itself and the seed supply, farm and reaearch work have to keep pace with this expa sion. A large section of the Department was sanctioned tempo- rarily and is being continued from time to time. As many of the developments of the Department are of a permanent nature, proposals for the reorganisation of the staff of the Department were called for. The final proposals submitted by the Superi tendent of Sericulture contained in the proposition statement flagged "R". involve an extra cost of Rs.63,150/- per annum on the four sections of the department indicated below:-

i, Superintendence and farms (Executive staff,

ii, Office Establishment of the Superintendent of Sericultur

iii, Staff of Farms and Grainages.

iv, Menial staff of the Department.

Though the views of the Superintendent of Sericulture re- garding the necessity for the expansion of the department are agreed to in general, it is rather doubtful to forecast as to what would be the effects of the cessation of the war on the future development of the industry. As there was a considerabl shrinkage of the Industry during the depression period it is con sidered not necessary to commit Government to increased cost on the establishment of the Department. Keeping this point in vie it is proposed to give administrative sanction to the following proposals:-

(a, To continue the same designation of the Superintende of Sericulture for the head of the department as at present instead of changing it to "Director of Sericulture" as proposed and to revise the grade pay of the post to Rs.350-25-500 from the existing 250-25-500 so as to avoid

n t o

ttached to the post of Assistant Superintendent of Sericulture.

(b) As there is real necessity for one more post of an Assistant Superintendent of Sericulture to be in charge of Mugur Farm and circle, the same is proposed to be sanctioned on the present scale of pay of Rs.150-20-350 as against 2 more places of Assistant Superintendents of Sericulture on a grade pay of Rs.200-20-400 proposed by the Superintendent.

(c) The proposal to create three more places of Senior Sericulture Inspectors, thus increasing the number ~~making 11~~ as against the existing 8 places and giving a grade pay of Rs.100-1 300/ against the existing 90-15/2-150 may be sanctioned as they have to be in charge of Sericultural farms and Government grainages as set forth in the allocation statement.

4 The proposals of the Superintendent for 20 Sericultural Inspectors as against 15 on a pay of Rs.60-4-80, 50 Sericultural Demonstrators on a pay of Rs.30-3-60 as against 48, and 124 Sericultural Operatives on a pay of Rs.20-2-30 as against 121 may be accepted.

✓ S. Demonstrators & Operatives

II. Ministerial Establishment.

The existing temporary post of Manager may be made permanent on a pay of Rs.60-5-100. Two clerks on a pay of Rs.30-3-60, 4 clerks on a pay of Rs.25-1-30, an Accountant on Rs.45/- and a Steno-typist on Rs.30-3-60 for the office of the Superintendent and 6 Accountants on a pay of Rs.30-2-40 each, 19 clerks on Rs. 25-1-30 each and 3 Steno-typists on Rs.35-3-50 for the Farms are proposed to be sanctioned.

SUBJECT:-

Proposal for the re-organisation of the Department of Sericulture.

OPINION OF THE COUNCIL.

The proposals of the Minister for Public Works may be sanctioned with the following modifications:--

i) Three more posts of Senior Sericultural Inspectors may be sanctioned on the existing grades of pay; and the Superintendent of Sericulture requested to re-examine the necessity of revising the grades.

ii) The proposed increase in the number of Sericultural Inspectors, Sericultural Demonstrators and Sericultural Operatives may be sanctioned as also the proposed revision of grades only in respect of Sericultural Demonstrators and Sericultural Operatives.

iii) The proposal to revise the grade pay of the post of Superintendent of Sericulture may be further examined.

Submitted to His Highness.

SUBJECT:- Re-organisation of the Department of Sericul

The activities of the Sericultural Department have increased cons derably during recent years, especially after the introduction of the Silk Filature Expansion Scheme. The area under mulberry cultivation has consi derably increased and the seed supply, farm and research work have therefc to keep pace with this expansion.

Temporary establishments have been sanctioned from time to time t cope with the increased work. As many of the activities of the Departmer are of a permanent nature, proposals for the re-organisation of the staff the Department were called for. The final proposals received from the S perintendent of Sericulture involve an extra cost of Rs.63,150/- per annum

The views of the Superintendent of Sericulture regarding the nec for the expansion of the Department are generally acceptable. But it is sidered desirable that Government should not be committed to such a larg crease in recurring expenditure. The revision of the grades of pay in tain cadres of the Department as well as increase in the number of posts however been found to be necessary and keeping this object in view, the Minister for Public Works made the following suggestions:-

1. Executive.

(a) To continue the designation of the Superintendent of Sericulture as at present and to revise the grade pay of the post to Rs.350-2 500 from the existing Rs.250-25-500, so as to avoid overlapping w the grade of Assistant Superintendents of Sericulture - Rs.150-2C

(b) To create one more post of Assistant Superintendent of Sericult to be in charge of Mugur Circle and Farm on the present scale c Rs.150-20-350 against two more such places on Rs.200-20-400 propc by the Superintendent of Sericulture. With this addition, the be three posts of Assistant Superintendents of Sericulture in a

(c) To increase the number of Senior Sericultural Inspectors from to 11 and to give them a grade pay of Rs.100-10-200 against the existing Rs.90-15/2-150, the officers to be in charge of seric tural farms and Government grainages.

(d) To accept the following proposals of the Superintendent of Sericulture:-

(i) to increase the number of Sericultural Inspectors from 15 to 20 on a grade pay of Rs.60-4-80 as against Rs.50-5/2-75.

(ii) to increase the number of Sericultural Demonstrators from 48 to 50 on grade pay of Rs.30-3-60 as against Rs.35/- and Rs.35-2-45,

(iii) to increase the number of sericultural operatives from 121 to 124 on a grade pay of Rs.20-2-30 as against several grades.

Ministerial Establishment.

(a) to make the post of (temporary) Manager permanent on a pay of Rs.60-5-1(

(b) to sanction two Clerks on a pay of Rs.30-3-60 each, four clerks on a pay Rs.25-1-30 each, an Accountant on Rs.45/- and a Steno-typist on Rs.30-3-6(for the office of the Superintendent; and six Accountants on a pay of 2-40 each, 19 Clerks on Rs.25-1-30 each and three Steno-typists on Rs.35- each for three Assistant Superintendents.

Menial Staff.

To sanction one Attender on a pay of Rs.20/-, one Daffedar on a pay of Rs.15-½-18 and 5 peons on Rs.11-½-15 each with a cycle allowance of Re.1/- to one of the Peons and 26 Peons on a pay of Rs.11-½-15 each.

The Hill allowances will remain unaltered.

These proposals were considered at a meeting of the Council of Ministers he the 15th August 1946, and the following opinion was recorded:-

"The proposals of the Minister for Public Works may be sanctioned with th llowing modifications:-

(i) Three more posts of Senior Sericultural Inspectors may be sanctioned the existing grades of pay; and the Superintendent of Sericulture requ to re-examine the necessity of revising the grades.

(ii) The proposed increase in the number of Sericultural Inspectors, Seric tural Demonstrators and Sericultural Operatives may be sanctioned as a the proposed revision of grades only in respect of Sericultural Demons tors and Sericultural Operatives.

(iii) The proposal to revise the grade pay of the post of Superintendent of Sericulture may be further examined.

I solicit the gracious sanction of His Highness to the opinion of the Cou

H S Royan.

If approved this will be kept in the main file of this receipt — as the main file is subject wise D.E.N., wise proposals for reorganisation of the Seri Dept.. Subject to orders of Govt on further proposals.

No.C.31/Encs.Two.

CONFIDENTIAL:

Respectfully submitted to the Minister for Public works (Sericulture):

As desired by Government in letter No.D.7793/Seri. 214-43-2 dated 7th June 1944, comprehensive proposals for making permanent some temporary staff in the Department of Sericulture in Mysore were submitted by the Special Office Filature Expansion Scheme, in No.C.O.4 dated 6th September 1944. The proposals were further revised so as to includ the whole Department of Sericulture and proposals were sub mitted in U.O.No.19 dated 8-12-1944 by the Special Officer Filature Expansion Scheme. These proposals were further revised by the Special Officer, Filature Expansion Scheme, in his No.S.321 dated 19th/21st May 1945. / The Superintend of Sericulture was requested by Government in No.D.1374/Se dated 27-8-45 to send up in a week consolidated final proposals for reorganising the Department of Sericulture. As directed consolidated final proposals for reorganising the Department of Sericulture as a whole involving an addition expenditure of Rs.63,150/- per annum were submitted in this office No.164 dated 7th September 1945. These final proposals have been under the consideration of Government sin that date.

The Special Officer, Filature Expansion Scheme, sent up further revised proposals in his No.S.1015 dated 28-6-45.

As soon as I rejoined duty as Superintendent of Sericu ture in Mysore in July 1945, I took the earliest opportuni to submit to the Minister certain facts and urged for very early orders regarding the reorganisation of the Departmen This question was pressed before the Minister personally on several occasions and in December 1945, I personally brought to the notice of the Minister the very urgent need to reorganise the Department of Sericulture so that people working in the Department might be retained and recruits obtained for filling up vacancies in the Department. The Minister while kindly agreeing to the need to revise the scales of pay of Operatives and Demonstrators was yet to b convinced regarding the need to improve the pay and pros-

prospects of the other members of staff. The need to revise the pay and prospects of the other staff of the Department was pressed by me quoting facts and figures regarding the pay and prospects of similar staff in the Department of Sericulture, Madras Presidency, Bengal, Kashmir, and Bombay. I also submitted to the Minister that unless better prospects were provided for the other staff, it would not be possible to retain trained, experienced and suitable men in the Department and that if such men left the Department, it would be very hard to carry on the work of the Department when sericulturists wanted greater assistance. These facts were again pressed before the Minister in June 1946 and at end of July 1946. To illustrate how the Department has been depleted of experienced and trained staff, I submit herewith a statement giving details of staff who left the Department from 1st January 1943 to end of July 1946. In the course of 3-1/2 years twenty people have left the Department, of whom seven are trained graduates. Most of these people have joined service in Madras, Bombay and in private filatures locally and are getting on well. Some of the Operatives who left the Department have started their own grainages for supplying silk worm seed to sericulturists.

Another statement indicating the number of vacancies in the Sericultural Department is enclosed. It is seen that out of 198 members of staff in Executive line there are 55 vacancies and out of 19 members in the Ministerial line there are five vacancies. It has been found very difficult to secure trained and suitable men to fill up the vacancies on account of the poor emoluments offered. Several advertisements were issued calling for applications from graduates to be trained as Sericultural Demonstrators on Rs.35-2-45, but the response was very discouraging. It has been found very difficult to retain

retain and secure suitable men for the Ministerial lin in the Department. Apart from the vacancies, it is fo that at least 30 per cent of the staff have been on le due to ill health and other causes consequent on the h cost of living at present. The result has been that t work in the Department has been suffering just at the when sericulturists are in need of assistance. The pe of trained staff has adversely affected the work of th Department during 1945-46 all round. The question of pay and prospects of the staff above the grade of Demo trators needs very sympathetic consideration. Trained graduates are given Rs.75/- to Rs.100/- a month just acr the border, i.e., in the Sericultural Department, Madr These trained graduates are given Rs.175/- to Rs.200/- i the Bombay Sericultural Department. The private filat in the Mysore State are giving Rs.75/- onwards to train graduates. Members of staff in the Sericulture Depart of Madras holding higher posts have been given very attractive grades during the last two years.

I note below some facts which show the importance of the Sericulture Industry in Mysore as compared with other sericultural areas in India:-

	Area under mulberry	Production of raw silk	Value of raw sil
1. Mysore	.. 80,000 acres	14 lakhs of lbs.	About 6 crores rupees.
2. Madras	.. 18,000 "	1,13,000 lbs.	About 7 lakhs o rupees.
3. Bengal	.. 16,000 "	4,00,000 lbs.	1 crore a half rupees.

Examined seed supply has been about 220 lakhs of layings a year in Mysore State (40 per cent of requir ment), about 60 lakhs of layings in Madras (60 per ce and about 14 lakhs of layings in Bengal (10 per cent). The problems of examined seed supply in Mysore are ve much more complicated due to the extent, distribution,

distribution, etc., of the sericultural areas than in Madras where sericulture is confined mostly to one tal (Kollegal) and as the Madras sericulturists use Mysore seed cocoons produced in our seed areas they get the be of the intensive work done in Mysore by the Mysore Depa ment of Sericulture.

It is ascertained that in Madras the Sericulture Expert who is the head of the Department of Sericulture under the Director of Industries and Commerce, Madras, in the grade of Rs.400-30-700 and has been recommended a grade of Rs.800-40-1000 or so. The person who is holding the post of Sericulture Expert in Madras now was getting Rs.150/- only in the Department of Sericulture in Mysore. He resigned the post in Mysore in April 1943 and is now getting Rs.500/- in Madras.

In Bengal with only 16,000 acres under mulberry, the Department of Sericulture has been reorganised recently providing for a Director of Sericulture on Rs.1,500/- to Rs.2,000/-, two Deputy Directors of Sericulture and severa Superintendents of Sericulture with suitable emoluments to attract suitable people.

In Mysore the grade of the Superintendent of Sericulture has been fixed at Rs.250-25-500. The Superintendent of Sericulture in Mysore is the head of the Department of Sericulture and has been authorised to exercise almost all the powers of the Head of a Department. The Assistant Superintendents and other senior staff in the Department have wide jurisdictions and responsibilities. The Head of the Department of Sericulture in Mysore who is perhaps the chief adviser to Government in sericultural matters cuts a very poor figure when dealing with heads of Sericultural Departments of other Provinces and States and commands very little prestige in the State itself on account of the low salary he has been getting for a long time. It is but reasonable to hope that

and willing service would be recognised by Government.

For all the reasons mentioned above, I respectfully beg that the final reorganisation proposals submitted with this office No.184 of 7-9-45 may kindly be sanctioned in toto as these proposals are very reasonable and very conservative and indicate the minimum requirements.

I beg to be pardoned for submitting this long note direct to the Minister as circumstances compel me to take this step in view of the heavy responsibility placed on my shoulders and the great difficulty experienced in getting through the work of the Department fairly satisfactorily. The difficulties will be greater in view of the expansion schemes under examination. I beg for immediate relief.

Superintendent of Sericulture.

DEPARTMENT OF SERICULTURE.

Enclosure - Proposition Statement. (in duplicate)

Office of the Special Officer,
Filature Expansion Scheme,
"Jaya Vilas", Vani Vilas Road,
Basavangudi P.O., 6th September 19

To

V. Vedavyasacharya, Esq., B.A.,
Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

Seri 7. [illegible]

Received on 15/9

Subject:- Making the Temporary staff of the Department of Sericulture permanent.

With reference to your letter No. D. 7793/Seri. 214-43-2 dated 7th June 1944 on the above subject, I have the honour to state that the Depart of Sericulture was organised as a permanent basis as per ordersof Governme in No. 3264-77/ A & E 57-18-15 dated 28th September 1920. The Gazetted st of the Department was re-organised in the year 1927 as per orders in Gover Order No. D. 1144-6/Seri. 22-26-8 dated 27/28th July 1927. The subordinat executive staff of the Department was reorganised in the year 1935 as per Government Order No. D. 5492-3/Seri. 4-43-2 dated 15th February 1935 as by that time the temporary staff that had been employed in the Department fro time to time for the growing work of the Department had grown very large. After the year 1935 the activities of the Department have expanded further and additional temporary staff has been sanctioned for attending to these items of work.

Some of the important items of work the Department has been attendin to and will have to continue to attend are shown below:-

1. Research.
2. Sericultural Education.
3. Effecting improvements in and helping the extension of the cultivation of mulberry.
4. Improvement of silk worm Seed supply.
5. Prevention of Silk Worm Diseases.
6. Grant of Sericultural Loans.
7. Formation of Sericultural Co-operative Societies.
8. Establishment of Filatures and popularisation of Mysore silk in the consuming centres.
9. Improvement of reeling machinery and methods.
10. Investigation of markets for Mysore silk.
11. Encouraging the production of high grade fabrics out of Mysore silk.
12. Improvement of silk waste with a view to make its utilisation more and more helpful for the manufacture of spun silk yarn.

The staff that has been sanctioned for work in the Sericultural Depa ment is for attending to the above items of work which are all of a perman nature and which the Department will have to continue to attend apart from taking up new activities arising hereafter. The work of the Department ha grown steadily all these years and a large section of the staff of the Dep ment sanctioned from time to time after 1935 for coping with the growing w is still being continued on a temporary basis inspite of many of the devel -ments being of a permanent nature. This has caused a good deal of incon-venience not only for the Departmental work but also hardsip to the concer members of the staff in several respects.

It is therefore urgently necessary that a portion at least of the te rary staff of the Department should be made permanent immediately. I subm herewith for the kind consideration and orders of Government a proposition statement indicating the staff of the Department which should be made per

permanent with slight revisions in grades in a few cases as these revisions are found absolutely necessary in the interests of work. I have carefully considered the grades proposed in each case and found that they are the bare minmum and absolutely necessary considering the arduous and highly responsible nature of the duties involved.

The extra cost involved in the proposals submitted by me now is only Rs. 793/- per mensem or Rs. 9,516/- per annum. Of this the sum of Rs.1,896/- representing the extra cost per annum on account of the staff of the Special Office can be debited to the Government of India till the three years' contract period is over.

I have not included in these proposals the staff of the Research Section at the Government Silk Farm, Channapatna, as the Programme Committee of the Board of Sericulture has proposed the establishment of a Sericultural Research Institute at Channapatna and the continuance of the staff at present employed in the Research Section will be taken up in connection with the proposals for the the Research Institute.

The following staff has not also been included in these proposals for reasons indicated against each.

1. Staff sanctioned in Government Order No. D. 2574-5/Seri.26-43-2 dated 12th October 1943 for introduction of sericulture in Honnali.

The work has been taken up as an experimental measure. The work has to be continued for a year or two before it is decided to either continue it as a permanent measure or discontinue it.

2. Staff sanctioned for the Silk Conditioning and Testing House at Channapatna - Government Order No. D. 7744-45/Seri. 64-40-43 dated 27th May 1943.

The entire staff relating to the Institution has not yet been employed as the full fledged Silk Conditioning and Testing House has not yet started working. A part of the staff has been employed for work in the Silk Testing Section at Mysore which will be shifted to Bangalore shortly. The confirmation etc. of the staff of the Silk Conditioning and Testing House has to be taken up after the institution works for some time up to full capacity at Channapatna.

3. One Mechanic on Rs. 50-5-100 and one Reeling Demonstrator on Rs. 20/- have not been included as they have been made permanent in Government Order No. D. 5492-93/Seri. 4-43-2 dated 15th February 1935.

The confirmation of the staff employed for the Emergency Scheme is necessary as the scheme for increasing the supplies of disease free layings which was then taken up as an emergency measure is being continued and has to be continued as a permanent measure.

I request that very early orders of Government may be kindly obtained on the proposals.

I have the honour to be,
Sir,
Your most obedient servant,

Special Officer.

GOVERNMENT OF MYSORE.

DEPARTMENT OF SERICULTURE.

E. 602

SHAMSUDDIN KHAN, B.A.,
Special Officer.

OFFICE OF THE SPECIAL OFFICER,
SILK FILATURE EXPANSION SCHEME IN MYSORE,
"JAYA VILAS", VANI VILAS ROAD.

Basavangudi P. O., dated 4th April ..... *194* 5.

Dear Sir,

The Special Officer, Filature Expansion Scheme, has, in his letter No.C.4 dated 6th September 1944 and U.O.No.19 dated 8th December 1944, submitted proposals for the re-organisation of the Sericultureal Department in the Special Office for Filature Expansion Scheme. I have studied the scheme as now proposed and I am of opinion that this has been done mainly with a view to secure permanency to some temporary staff and increasing the strength of Gazetted staff revising their scale of pay and also revising scales of pay of Senior Sericultural Inspectors and providing revised scales of pay of Operatives,etc. This scheme has not contemplated increase in the staff itself to meet the present day sericultural conditions in the State. To increase production of seed both in the Government Grainages and Aided Grainages and to improve the quality of cocoons in the State, increase in staff is absolutely necessary. I am working out the details and

nd shall submit the revised proposals for re-organising the
ericultural Department for the consideration of Government.
request you to be so good as to keep the re-organisation
oposals sent in abeyance.

Thanking you,

Yours sincerely,

K Ram

Office of the Special Officer,
Filature Expansion Scheme,
"Jaya Vilas", Vani Vilas Road,
Basavangudi P.O., 19th May 1945.

To

J. B. Mallaradhya, Esq., M.A.,
Additional Secretary to the Government of Mysore,
Bangalore.

Sir,

Subject:- Re-organisation of the Department of Sericulture.

In continuation of this office No.U.O. 19 dated 8th December 1944 and No. E. 573 dated 28th March 1945 submitting proposals for the continuance of the Special Office, Filature Expansion Scheme and the re-organisation of the Department of Sericulture, I have the honour to state that it is necessary to revise the proposals on the basis of the requirements of the sericultural Industry in the State. The proposals already submitted contemplated converting of temporary staff into permanent one. I have in the present proposals taken into consideration only the minimum staff required to meet the extra demand of the Industry. The additional staff proposed will be drafted in stages.

2. The area under mulberry in the State is round about 75,000 acres and State's requirements of disease-free layings are about 7 crores per annum. During the year 1943-44 Government Grainages supplied about 78 lakhs of disease-free layings and the aided Grainages about 145 lakhs making a total of about 224 lakhs. Therefore the production of examined seed is only about 30 per cent of the requirements of the Sericultural Industry of the State. It is necessary, as a permanent feature of the Sericultural Industry, that the entire production of seed should be made by aided grainages and Government grainages as that would result in larger production of cocoons as rearings from disease-free layings give larger yield and failures are less. Without adequate supply of disease-free layings the industry is not likely to stand any foreign competition. I propose that as against the present production of 40 lakhs of cross-breed layings by our Government grainages the production should be stepped up to 60 lakhs and the production of aided grainages should reach the maximum of 640 lakhs. There are at present 89 aided grainages or roughly speaking 90 producing about 180 lakhs of layings. It is necessary that the balance of 460 lakhs of disease-free layings should be produced in additional Government Grainages and aided Grainages. For this purpose it is necessary to have 180 additional aided grainages to produce the above quantity of disease-free layings and 2 or 3 additional Government Grainages. The production in present grainages also should be increased. The supervision and guidance and the crop inspection work pertaining to these additional grain-ages need considerable augmentation in the strength of the staff of the Sericultural Department.

3. Besides the supervision of the aided grainages and the work in the farms, it is necessary that constant guidance is given by the Department of Sericulturists for improving the rearings in the State with a view to obtain better yield thereby reducing the costs of production and also securing better grade cocoons to reeling industry enabling the Mysore Silk Industry to withstand the foreign competition. Summing up, need for increasing the staff is necessitated by the increased production of examined seed both in farms and aided grainages and the betterment of rearing processes for purposes stated above.

4. The work of the Superintendent of Sericulture has increased enormously in all directions and is bound to increase further. Therefore his status should be raised. The Superintendent of Sericulture at present is in the grade Rs. 250-25-500. I propose that the grade may be revised to that of 700-50-1,000.

5. The entire sericulturol area will be divided into a Chief division comprising Channapatna Silk Farm which is the biggest institute of its kind in India and which leads other farms in the State in sericultural work. This farm should be in charge of not only ordinary routine, experimental and research work but also be in charge of the entire production of seed cocoons in the State as that would enable a uniform guidance and control for the

the basic material of the industry. The work/of fundamental importance and involves considerable responsibility and naturally enough this farm and chief division should be in charge of a Deputy Superintendent of Sericulture. The pay of the Deputy Superintendent of Sericulture may be fixed at Rs. 400-25- The other two divisions, viz., Kolar and Mysore are very important as Kolar has got a largeg area of irrigated mulberry gardens with intelligent rearers and th Mysore division has a vast area nearing about 45,000 acres of mulberry. These two divisions should be in charge of Assistant Superintendents of Sericulture. There should be another Assistant Superintendent of Sericulture to discharge the duties of the Head-quarter Assistant to the Superintendent of Sericulture whose work is already big for him and which will have grown to justify this assistance. The pay of the Assistant Superintendents of Sericulture should be revised to Rs. 200-20-400 instead of Rs. 150-20-350.

6. The other extra staff proposed is absolutely necessary and is indicated in the enclosed statement.

7. The extra cost involved on this re-organisation is round about Rs. 1,20,000 and this expenditure is justifiable as the increased production of disease-free layings to the extent of 4.8 crores would bring an increased harvest of at least 0 lakhs of pounds of cocoons or 3 lakhs of pounds of filature silk. Besides roduction in Government grainages will increase from 40 lakhs cross-breed layings o 60 lakhs of cross-breed layings bringing additional receipts to the extent of bout Rs. 50,000/-. This scheme would enable the post-war industry to expand its rade in foreign markets thereby bringing increased import receipts and inter-ational recognition to the silk industry.

8. I enclose herewith a statement of the present staff and the additional taff required. I request that you will kindly move Government to accord sanction o the proposals made for re-organising the Filature Special Department and ericultural Department on the lines suggested by me. I am to add here that the taff proposed now is not needed all at once. What is required is a general sanc-ion for the proposals and specific sanctions for increasing the staff in suitable nstalments making personnel available after due training.

9. The prosperity and development of Sericultural Industry depends upon the rogressive development of the Filature Industry in the State. Government have o foster this industry at least for some years/to come to an international level. /6e he control on silk fabrics and raw silk is bound to continue for 3 or 4 years. he Special Organisation now in existence will have to discharge inreased nd more responsible work as it will have to handle about 10 lakhs of pounds f valuable silk in the Depots, arrange for its distribution for export and or internal consumption. It is therefore necessary to continue the Special Organisation. The re-organisation proposed in this office No.U.Q.19 dated th December 1944 as per enclosed statement is necessary. The extra cost n-volved is only Rs. 1,896/- per annum. I request you to be good enough to ove Government to sanction the proposed re-organisation of the Special rganisation and also of the Department of Sericulture.

a reappropriation statement, if the proposal involves additional expenditure.

GOVERNMENT OF MYSORE.

DEPARTMENT OF SERICULTURE.

Cur: 214-43-4 8140

K. SHAMSUDDIN KHAN, B.A.,
Special Officer.

OFFICE OF THE SPECIAL OFFICER,
SILK FILATURE EXPANSION SCHEME IN MYSORE
"JAYA VILAS" VANI VILAS ROAD.

Basavangudi P. O., dated 28th June *1945*.

J. B. Mallaradhya, Esq., M.A.,
Additional Secretary to the Government
of Mysore, BANGALORE.

Subject: Re-organisation of the Department of Sericulture.

With reference to this office Un-Official letter No.19 dated the 8th December 1944 and No. E.573 dated the 2 March 1945 and in continuation of my letter No. S.321 dated 19th May 1945, I have the honour to state that I have carefu re-examined the question of re-organising the Department and I submit the following proposals for favour of consideration by Government.

The area under mulberry in the State is round abou 75,000 acres and the requirements of disease-free layings ar about seven crores per annum. During the year 1943-44, the Government Grainages supplied about 74 lakhs of disease-free layings and the Aided Grainages about 150 lakhs, making a tot of about 224 lakhs of which 179 lakhs were cross breeds. I propose to increase the production of cross breed layings in Government Grainages to 70 lakhs during the next three years as against the present production of 40 lakhs and the producti of cross breed layings in the Aided Grainages to 380 lakhs, bringing the total production to 450 lakhs of cross breed layings in the State. For this purpose it is necessary to have 190 Aided Grainages as against the existing 90 and the production in the present Grainages should also be increased.

The increased production of disease-fr[illegible] in the St improvements of silk-worm rearings of ry[illegible]ment o work in the Farms, increasing supply of mul[illegible] various other technical improvements and work [illegible] etc., demand increased staff. The entire work res[illegible] two fundamentals, viz., reducing cost of production and i ment of silk to enable Mysore Silk Industry [illegible]ithstand f competition and to acquire foreign markets.

3. The Department now consists of One Superintender two Assistant Superintendents, 8 Senior Sericultural Inspe 15, Sericultural Inspectors, 48 Sericultural Demonstrators 121 Sericultural Operatives. Of these, 82 are permanent 113 temporary.

4. The work of the Department has considerably incr and is bound to increase further both in quality and in qu and the Budget which was at the low figure of Rs.80,000/- beginning has risen to over six lakhs with an appreciable increase in the receipts from Rs.15,000/- in 1931-32 to Rs lakhs in 1944-45. With the proposed increase in work for stabilisation of the industry, the budget is bound to incr further both in respect of expenditure and receipts. It therefore necessary to raise the status of the Superintend of Sericulture to that of Director of Sericulture with inc emoluments. It is proposed that this officer should get salary of Rs.800-50-1,000/- with the status of a Head of t Department. There are, at present, two Assistant Superin The work in Channapatna Farm is of considerable importance Sericultural Industry of the State. This has the biggest Grainage, and experimental section and a research organisa The Officer-in-charge of Channapatna Farm should also be p in charge of the entire seed cocoon production in the Stat so that there may be unified guidance and supervision and

and proper co-ordination regarding supply and demand of se cocoons in the State. It is proposed to convert this Assistant Superintendent's post to that of Superintendent Sericulture with a grade pay of Rs.400-25-600. The other Assistant Superintendent of Sericulture will be allocated Sidlaghatta revising his pay from Rs.150-20-350 to 200-20-4 It is also proposed to increase the grade pay of Senior Sericultural Inspectors from Rs.90-15/2-150 to Rs.100-10-20 The Sericultural Inspectors' emoluments should also be incr from Rs.50-5/2-75 to Rs.60-4-80. The duties of Senior Sericultural Inspectors and Sericultural Inspectors are responsible ones and it is their supervision and guidance that has to accomplish largely the technical work of the Department. Therefore the proposed increase is necessary and justifiable.. The Sericultural Demonstrators are getti Rs.35-2-45. The grades of these officials are proposed to revised to Rs.30-3-60. Though the qualification for recrui ment purposes is S.S.L.C., there are, in normal times, candi from degree-holders. The revision proposed is necessary. In the cadre of the Operatives, there are now 4 grades, viz. (i)Rs.15-1-20, (ii)Rs.20/- fixed, (iii)Rs.20-1-25 and (iv)Rs fixed. The Operative that has to do the actual practical w takes 12 to 15 years to reach the unattractive Rs.25/-. If Department has to improve, it is absolutely necessary that th officials should be placed in the grade of Rs.20-2-30.

5. In the Department, the following officials are on temporary basis:-

(i) 1 Senior Sericultural Inspector,

(ii) 13 Sericultural Inspectors,

(iii) 25 Sericultural Demonstrators, and

(iv) 74 Sericultural Operatives.

As the work for which these hands were sanctioned has become a permanent feature, it is absolutely necessary to make them permanent.

6. Besides the existing staff, the following addi staff is necessary for the proposed increase in work as explained in the second paragraph of this letter. The following additional staff is absolutely necessary as al in the schedule attached to this letter:-

(i) 6 Senior Sericultural Inspectors,

(ii) 5 Sericultural Inspectors,

(iii) 2 Sericultural Demonstrators, and

(iv) 9 Sericultural Operatives.

On account of the increased work in the Head Office and F ONE Personal Assistant of Gazetted Rank, one Manager and Steno-typist for the Head Office, are proposed. For the Farms 10 additional clerks are proposed as indicated in t statement.

7. The proposal involves an additional expenditure about Rs.63,000/-. The anticipated increase in receipts from the Farms and Grainages is Rs.60,000/-.

8. I request you to be good enough to move Governm to sanction the following at an early date:-

1) That the status of the Superintendent of Sericu be raised to that of Director of Sericulture v a salary of Rs.800-50-1,000 with the status of Head of Department;

2) That one of the Assistant Superintendent's posts be converted into that of Superintendent of Sericulture on Rs.400-25-600/-;

3) That the salary of the Assistant Superintendent be enhanced to Rs.200-20-400/-;

4) That the salaries of non-gazetted staff be incre as under:-

(a) Senior Sericultural Inspector - Rs.100-10-2
(b) Sericultural Inspector - Rs.60-4-80,
(c) Sericultural Demonstrator - Rs.30-3-60,
(d) Sericultural Operative - Rs.20-2-30;

5) That the present temporary staff indicated in para 5 be made permanent;

6) That the extra staff proposed in para 6 be sanctio

7) That the posts of one Gazetted Personal Assistant, one Manager and one Steno-typist to the Head Off and 10 clerical posts to the Farms be also sanctioned;

8) That the enhanced rate of Hill Allowance proposed be sanctioned on account of the unusual conditio of living on the Hills.

I request early sanction of Government to the above sals.

I have the honour to be,

Sir,

Your most obedient servant,

Special Officer,

Filature Expansion Scheme.

45-46

Submitted.

It is learnt that the Government of India will terminate the contract for the supply of prachute raw silk manufactured under the management of the Government of Mysore as from August 1945. The special organisation for Filature Expansion Scheme was for accomplishing the above object. With the termination of the contract, the need for this organisation from the above point of view does not seem to be necessary excepting for a few months to wind up the organisation, including disposal of Kankanhally Silk Filature. The staff taken from the Sericultural and other Departments will revert to the respective Departments and the temporary staff will, as far as possible, be absorbed in the Sericultural Department as well a the proposed Research Institute.

The Sericultural Department has developed its work considerably since the past five years. The number of diseas free layings prepared and distributed for the past five years is given below:

1939-40	....	105 lakhs.
1940-41	....	124 lakhs.
1941-42	....	150 lakhs.
1942-43	....	225 lakhs.
1943-44	....	220 lakhs.
1944-45	..(about)	244 lakhs.

The number of aided grainages has increased from 30 in 1939-40 to 120 in 1944-45 and the area under mulberry has expanded fro 30,000 acres to 75,000 acres. The work in the Department wil further increase as it is proposed to increase the production of disease-free layings from 2.44 crores to 4.5 crores with in the course of next three years. He has to give close attenti to reduce costs of production of cocoons by improvements in mulberry cultivation and silk-worm rearing. It is, therefore necessary that the status of the Superintendent of Sericulture should be raised to that of the Director of Sericulture on a pay of Rs. 800-50-1,000 with the status of a Head of the

Department. His duties are very onerous and heavy. the Farms now in existence, there will be four more Gov Grainages and three first-class Hill Stations. The qu of cocoons has to be improved considerably by exercisin stant supervision over the farms, and through farms ove rearings of the ryots. The future of the Mysore Silk I will depend upon the quality of silk the filatures will able to produce and one of the chief factors will be the improvement of quality of cocoons both in respect of its and length. To stand competition of foreign countries, necessary to cut down costs of production of Mysore silk reducing cost of production of mulberry by organising su of seedlings, seedlings' cuttings and improvement of cul methods in mulberry cultivation. The Budget of the Depa has increased from a meagre Rs.80,000/- in the beginning over six lakhs of rupees and its realisations have increa from Rs.15,000/- in 1931-32 to Rs. 2 lakhs. The propose re-organisation of the Department for placing the industr on a sounder basis will further enhance expenditure and receipts and responsibility. Therefore the proposed gra of Rs.800-50-1,000 and status are absolutely justifiable.

The proposed Research Institute will be a first- Research Station, the parallel of which can only be found Japan. The Institute consists of four main departments, viz., Zoology and Botany, Chemistry and Physics with a min Engineering Section. The problems of industrial importan to aid sericultural industry of the State are numerous. the main, they relate to the improvement of mulberry culti tion and silk-worm rearing. Therefore, fundamentally the belong to natural science group. But the work cannot be done without the assistance of chemical and physical scienc As the problems are basically related to Botany and Zoology the Head of the Institute should be a sericulturist having

should be a sericulturist having first-class foreign traini in sericultural research stations. His duties are very responsible as he has to obtain, in consultation with the Sericultural Department, the subjects for research while he himself will initiate research problems of importance, distribute the work to the various Departments of the Institute, co-ordinate the activities, avoid duplication of work, check results, correct errors, give proper guidance to the various staff. He should be in contact with other similar research stations in Madras, Bengal and Kashmir in India and research stations in foreign countries. He will have to conduct very extensive studies of the subjects to cull out information of importance for Mysore State. Besides the above, he will be the executive officer responsible for spending over two lakhs of rupees annually on the Insitute. Therefore this officer should have the same status and pay as the Director of Sericulture, viz., Rs.800-50-1,000.

It is requested that while considering the reorganisation proposals of the Sericultural Department and the establishment of the Research Institute, the above recommendations may kindly be kept in view.

The Superintendent of Seri:
Mysore (by name)

Dear Sir,

Subject: Re-organisation of the Department of Sericulture.

With ref: to letter No. E 1015 dated the 28th June 45 received from the S.C.J.C.S. on the above Subject.

I am directed to request you to send up consolidated final proposals ~~on the question of re-organisation of the Department~~ in the matter for the consideration of Govt. The matter may be treated as very urgent & a reply sent within a week. ~~Additional Secretary~~ To

35 2/3

DEPARTMENT OF SERICULTU
MYSORE STATE.

Mr. H.S. Govinda Rao, B.A.,
Superintendent of Sericulture.

Mysore,
7th September 1945.

Seri
XXX
TSR
8/9/45

Dear Sir,

Sub:-Re-organisation of the Department of Sericulture.

As desired in your letter No.D.1374/Seri. dated 27th August 1945 on the above subject, I send herewith for kind consideration of Government proposals for the re-organisation of the Sericultural Department with an explanatory note regarding some alterations made by me in the proposals submitted by the Special Officer, Silk Filature Expansion Scheme. The total extra cost amounts to Rs.63,150/- as against Rs.62,926/- as per the proposals of the Special Officer and Rs.46,206/- as proposed by me in my U.O.No.19 of 8-12-44. In my proposals dated 8-12-44, the extra cost was taken to be Rs.46,206/- per annum after taking credit for Rs.17,850/- per annum which the Government of India would have to bear to end of June 1946 for the Special Officer and his establishment; hence the extra cost would have amounted to Rs.63,786/- per annum from 1st July 1946. My present proposals - involving an extra cost of Rs.63,150/- per annum do not take account of the charges which were being met by the Government of India and are well within the sum of Rs.63,786/- which the Government would have to bear from 1st July 1946.

As the Department of Sericulture has not been re-organised for a very long time and as some amount of relief is urgently necessary, I request very early orders of Government.

Yours sincerely,

H.S. Govinda Rao

To

T. Shamanna, Esq., M.A.,
Asst. Secretary to Government,
Development Department,
General & Revenue Secretariat, Bangalore

A Note regarding certain alterations considered necessary in the Re-organisation proposals of the Department of Sericulture sent by the Special Officer with his letter No.E.1015 dated 28-6-1945.

1. Instead of one Assistant Superintendent proposed, three Assistant Superintendents, one for each of the Circles at Sidlaghatta, Mugur and Kunigal, are necessary. Two new Circles at Mugur and Kunigal have to be opened to decentralise and develop the work of the Department, and to have greater supervision over the Mysore seed cocoon producing areas and the aided grainages which have and are increasing in number. - Kunigal is a very important Mysore seed cocoons producing area and Mugur (Nanjangud Sub Division) has the largest acreage of mulberry in the State and will have two Hill rearing stations.

2. As against 14 Senior Sericultural Inspectors proposed, 11 are proposed now as indicated in the statement of allocation of staff. This would provide for the 4 new probationers to be selected for training.

3. The number of posts of operatives has been reduced by 6. i.e., from 130 to 124.

4. The number of clerks for Farms has been reduced by 2. i.e., from 8 to 6, and the number of steno-typists has been increased by 2 to provide two steno-typists, one for each of the Assistant Superintendents at Mugur and Kunigal. The grades provided for the Accountants, Clerks and Steno-typists in the Farms have been revised suitably as noted in the margin. The pay of the Personal Assistant to the Director has been revised to Rs.150-10-200, that of Manager to Rs.80-5-105, and that of Clerks in the Director's Office to 3(50-5-75), 5(35-3-50), and of stenographers to (60-4-80) and (45-3-60).

Accountants	6	..	Rs.35-3-50
Clerks	19	..	Rs.30-3-45
Steno-typists	2	..	Rs.50-5-75
-do-	2	..	Rs.35-3-50

5. Additional peons necessary for the Office of the Director of Sericulture and the Offices of the Superintendent and the Assistant Superintendents have been provided with suitable provision for increased pay wherever necessary to the existing peons.

6. The total extra cost amounts to Rs.63,150-2/3 only as against Rs.62,926-2/3 as per the proposals sent up by the Special Officer. The

The above alterations have been made keeping the extra cost almos
at the same level as that proposed by the Special Officer, the ex
over his proposals amounting to Rs.224/- only.

7. The present proposals provide for the existing and normal work of the Department and indicate the minimum requirements to c on the work satisfactorily. When new schemes are sanctioned ext staff will have to be provided for depending upon the needs of e scheme as it is not possible in a development department like thi dealing with an industry which is very sensitive to external in- fluences and the trend of market conditions to forecast even roug the future requirements.

H. S. Lawrence
Superintendent of Sericulture.

Mysore.
8th September 1945.

A Note regarding certain alterations considered necessary in the Re-organisation proposals of the Department of Sericulture sent the Special Officer with his letter No.E.1015 dated 28-6-1945.

1. Instead of one Assistant Superintendent proposed, three Assistant Superintendents, one for each of the Circles at Sidlaghatta, Mugur and Kunigal, are necessary. Two new Circles at Mugur and Kunigal have to be opened to decentralise and develop the work of the Department, and to have greater supervision over the Mysore seed cocoon producing area and the aided grainages which have and are increasing in number. Kunigal is a very important Mysore seed cocoons producing area and Mugur (Nanjangud Sub Division) has the largest acreage of mulberry in the State and will have two Hill rearing stations.

2. As against 14 Senior Sericultural Inspectors proposed, 11 are proposed now as indicated in the statement of allocation of staff. This would provide for the 4 new probationers to be selected for training.

3. The number of posts of operatives has been reduced by 6. i.e., from 130 to 124.

4. The number of clerks for Farms has been reduced by 2. i.e., from 8 to 6, and the number of steno-typists has been increased by 2 to provide two stenp-typists, one for each of the Assistant Superintenden at Mugur and Kunigal. The grades provided for the Accountants, Clerks and Steno-typists in the Farms have been revised suitably as noted in the margin. The pay of the Personal Assistant to the Director has been revised to Rs.150-10-200, that of Manager to Rs.80-5-105, and that of Clerks in the Director's Office to 3(50-5-75), 5(35-3-50), and of stenographers to (60-4-80) and (45-3-60).

Accountants	6	..	Rs.35-3-50
Clerks	19	..	Rs.35-3-45
Steno-typists	2	..	Rs.50-5-75
-do-	2	..	Rs.35-3-50

5. Additional peons necessary for the Office of the Director of Sericulture and the Offices of the Superintendent and the Assistant Superintendents have been provided with suitable provision for increas pay wherever necessary to the existing peons.

6. The total extra cost amounts to Rs.63,150-2/3 only as against Rs.62,926-2/3 as per the proposals sent up by the Special Officer. The

The above alterations have been made keeping the extra cost almost at the same level as that proposed by the Special Officer, the excess over his proposals amounting to Rs.224/- only.

7. The present proposals provide for the existing and normal work of the Department and indicate the minimum requirements to carry on the work satisfactorily. When new schemes are sanctioned extra staff will have to be provided for depending upon the needs of each scheme as it is not possible in a development department like this dealing with an industry which is very sensitive to external influences and the trend of market conditions to forecast even roughly the future requirements.

SUBJECT Reorganisation of the Dept of Sericulture

Diary No. of letter replied to .....

Section Seri.

File No. 214-43.

Serial No. 7

General and Revenue Secretariat

( )

the *193* .

Proceedings of the Government of His Highness the Maharaja of Mysore.

Date of issue [illegible] 193[illegible].

Signed by [illegible]

Read— Correspondence ending with the letter No 16 dated the 7th Sept. 1943 from the Superintendent of Sericulture in Mysore, Mysore, submitting proposals for the reorganisation of the Department of Sericulture.

Order thereon.—No. D 2256-43

Date —

May this be—

(i) printed ?

(ii) treated as a standing order ?

(iii) published in the Gazette, English Part ?

(iv) translated ?

(v) placed at the disposal of the press ?

(vi) published in the Gazette Kannada Part ?

The activities of the Sericultural Department have increased Considerably

P T O

R. S. App. F. G. 3.

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form).

during recent years, esp
after the introduction of the
Silkworm Expansion Scheme. The
Under mulberry cultivation ha
Considerably increased and
Seed Supply, farm and rese
work have therefore to keep
with this expansion.

Temporary establishment
have been sanctioned from time
time to cope with the increase
work. As many of the activ
of the Department are of a per
nature, proposals for the
organisation of the staff of t
Dept were called for. Th
final proposals received from
Supt. of Sericulture involve
extra cost of Rs 63,150/- p
annum.

The views of the Supt of
regarding the necessity for the

expansion of the Department are generally acceptable. But, Govt Considers it desirable that they should not be committed to such a large increase in recurring expenditure. The revision of the grades of pay in certain cadres of the Department as well as increase in the numbering posts has however been found to be necessary, and keeping this object in view Govt are pleased to sanction the following proposals —

I. Executive -

(a) To continue the designation of the Supt of Sericulture as at present in the existing grade of Rs 250-25-500.

(b) To create one more post of the Asst. Supt of Sericulture to be in charge of Nugur Circle and Farm on the present Scale of Rs 150-20-350 against two more such places on Rs 200-20-400

G. R. S. App. F. G. 3.

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form*).

proposed by the Supt of Sericulture. With this addition there will be three posts of Asst Supts of Sericulture in all.

(c) To increase the number of Senior Sericultural Inspectors from 8 to 11 on the existing grade pay of Rs 90-5/2-150/- against the proposed grade of Rs 100-10-200 the Officers to be in charge of Sericultural farms and Govt. Graineages.

(d) To increase the number of Sericultural Inspectors from 15 to 20 on the existing grade pay of Rs 50-5/2-75/- as against the proposed grade of Rs 60-4-80.

(e) and to accept the following proposals of the Supt. of Sericulture

(i) To increase the number of Sericultural Demonstrators from 48 to 90 on an grade pay of Rs 30-3-60 as against the existing Rs 35-2-45/- and Rs 35-2-45/-

(ii) To increase the number of Sericultural Operatives from 121 to 124 on a grade pay of Rs 20-2-30 as against the existing Several grades. ~~existing~~

WD 03697—GPB—30,000—2-2-40

2. Ministerial Establishment. —

(a) To make the post of (Temporary) Manager permanent on a pay of Rs 60-5-100.

(b) To entertain two clerks on a pay of Rs 30-3-60 each, four clerks on a pay of Rs 25-1-30 each, An Accountant on Rs 45/- and a Steno-typist on Rs 30-3-60 for the office of the Superintendent; and Six Accountants on a pay of Rs 30-2-60 each, 19 clerks on Rs 25-1-30 each and three Steno-typists on Rs 35-3-50 each for three Asst. Superintendents.

3. Menial Staff —

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Read:-

Correspondence ending with the letter No.164 dated the 7th September, 1943, from the Superintendent of Sericulture in Mysore, Mysore, submitting proposals for the re-organisation of the Department of Sericulture.

ORDER NO. F 2256-9 Seri 214-43-7

(CAMP) MYSORE, DATED 12 OCTOBER, 1943.

The activities of the Sericultural Department have increased considerably during recent years, especially after the introduction of the Silk Filature Expansion Scheme. The area under mulberry cultivation has considerably increased and the seed supply, farm and research work have therefore to keep pace with this expansion.

Temporary establishments have been sanctioned from time to time to cope with the increased work. As many of the activities of the Department are of a permanent nature, proposals for the re-organisation of the staff of the Department were called for. The final proposals received from the Superintendent of Sericulture involve an extra cost of Rs.63,150/- per annum.

The views of the Superintendent of Sericulture regarding the necessity for the expansion of the Department are generall acceptable. But, Government consider it desirable that they should not be committed to such a large increase in recurring expenditure. The revision of the grades of pay in certain cadres of the Department as well as increase in the number of posts has however, been found to be necessary, and keeping this object in view, Government are pleased to sanction the following proposals:-

I. EXECUTIVE.

(a) To continue the designation of the Superintendent of Sericulture as at present in the existing grade of Rs.250-25-500.

(b) To create one more post of the Assistant Superintendent of Sericulture to be in charge of Mugur Circle and Farm on the present scale of Rs.150-20-250 against two more such places on Rs.300-20-400 proposed by the Superintendent of Sericulture. With this addition there will be three posts of Assistant Superintendents of Sericulture in all.

(c) To increase the number of Senior Sericultural Inspectors from 8 to 11 on the existing grade pay of Rs.90-15/2-150, against the proposed grade of Rs.100-10-200. The officers to be in-charg of Sericultural Farms and Government Graineges.

(d) To increase the number of Sericultural Inspectors from 15 to 30 on the existing grade pay of Rs.50-3/2-75, as against the proposed grade of Rs.60-4-80. and

(e) to accept the following proposals of the Superintendent of Sericulture:-

i) To increase the number of Sericultural Demonstrators from 40 to 50 on an enhanced grade pay of Rs.30-3-60 as against the existing Rs.35, and [illegible] Rs.35-3-45.

ii) To increase the number of Sericultural Operatives from 121 to 194 on a grade pay of Rs.20-2-30 as against the existing several grades.

2. [illegible]:

(a) To make the post of (temporary) Manager permanent on a pay of Rs.60-5-100.

(b) To entertain two clerks on a pay of Rs.30-3-60 each, four clerks on a pay of Rs.20-1-30 each, an Accountant on Rs.45/- and a steno-typist on Rs.50-3-80 for the office of the Superintendent; and six Accountants on a pay of Rs.30-2-40 each, 12 cl on Rs.20-1-30 each and three steno-typists on Rs.35-3-50 each for three Assistant Superintendents.

3. MENIAL STAFF:

To entertain one Attender on a pay of Rs.20/-, one Daffadar on a pay of Rs.15-½-18 and 5 peons on Rs.11-½-15 each with a cycle allowance of Re.one to one of the peons and 26 peons on a pay of Rs.11-½-15 each.

The Hill allowances will remain unaltered.

A statement indicating the existing and sanctioned ext scales is enclosed and the Comptroller to Government is requested to furnish early the extra cost involved in the sanctioned scales and the Superintendent of Sericulture will kindly indicate the source of meeting it.

The Superintendent of Sericulture is requested to re-examine the necessity for revising the grades of the senior seri-

ericulture Inspectors and Sericultural Inspectors-grades:of

DEPARTMENT OF SERICULTURE.
MYSORE STATE.

/

Office of the Superintendent
of Sericulture in Mysore,
Mysore, dated 26th October'46

To

J.B. Mallaradhya, Esq., M.A.,
Secretary to Government,
Revenue Department,
Bangalore.

Sir,

I have the honour to state that the following errors in typing in G.O.No.D.2256-9/Seri.214 - 43-7 dated 12-10-1946 sanctioning the Reorganisation of the Sericulture Department have crept into the printed copyy appearing in the Mysore Gazette also of 24-10-1946.

1. Body of the Govt. Order - Asst. Superintendent of Sericulture's scale given as Rs.150-20-250 It should be Rs.150-20-350.

2. Annexure - Grade proposed by the Superintendent of Sericulture for Sericultural Inspectors was Rs.60-4-80 and not Rs.6044-100.

I request that necessary corrections may

may kindly be caused to be made.

I have the honour to be,
Sir,
Your most obedient servant,

H. Pearce
Superintendent of Sericultu

Re-organisation.

Sanctions the —— of the Department of Sericulture.

READ—

Correspondence ending with letter No. 164, dated the 7th September 1945, from the Superintendent of Sericulture in Mysore, Mysore, submitting proposals for the reorganisation of the Department of Sericulture.

ORDER NO. D. 2256-9—SERI. 214-43-7, DATED CAMP MYSORE, THE 12TH OCTOBER 1946.

The activities of the Sericultural Department have increased considerably during recent years, especially after the introduction of the Silk Filature Expansion Scheme. The area under mulberry cultivation has considerably increased and the seed supply, farm and research work have, therefore, to keep pace with this expansion.

Temporary establishments have been sanctioned from time to time to cope with the increased work. As many of the activities of the department are of a permanent nature, proposals for the reorganisation of the staff of the department were called for. The final proposals received from the Superintendent of Sericulture involve an extra cost of Rs. 63,150 per annum.

The views of the Superintendent of Sericulture regarding the necessity for the expansion of the department are generally acceptable. But, Government consider it desirable that they should not be committed to such a large increase in recurring expenditure. The revision of the grades of pay in certain cadres of the department as well as increase in the number of posts has, however, been found to be necessary and keeping this object in view, Government are pleased to sanction the following proposals :—

1. EXECUTIVE.

(*a*) To continue the designation of the Superintendent of Sericulture as at present in the existing grade of Rs. 250—25—500.

(*b*) To create one more post of the Assistant Superintendent of Sericulture to be in charge of Mugur Circle and Farm on the present scale of Rs. 150-20-250 against two more such places on Rs. 200—20—400 proposed by the Superintendent of Sericulture. With this addition, there will be three posts of Assistant Superintendents of Sericulture in all.

(*c*) To increase the number of Senior Sericultural Inspectors from 8 to 11 on the existing grade pay of Rs. 90—15/2—150, against the proposed grade of Rs. 100—10—200. The officers to be in charge of Sericultural Farms and Government Grainages.

(*d*) To increase the number of Sericultural Inspectors from 15 to 20 on the existing grade pay of Rs. 50—5/2—75, as against the proposed grade of Rs. 60—4—80.

(*e*) To accept the following proposals of the Superintendent of Sericulture :—

(i) to increase the number of Sericultural Demonstrators from 48 to 50 on an enhanced grade pay of Rs. 30—3—60 as against the existing Rs. 35, and Rs. 35—2—45.

(ii) to increase the number of Sericultural Operatives from 121 to 124 on a grade pay of Rs. 20—2—30 as against the existing several grades.

No. D. 2256-9—SERI. 214-43-7, DATED CAMP MYSORE, 12TH OCTOBER 1946.

2. MINISTERIAL ESTABLISHMENT.

(*a*) to make the post of (temporary) Manager permanent on a pay Rs. 60—5—100.

(*b*) To entertain two clerks on a pay of Rs. 30—3—60 each, four clerks a pay of Rs. 25—1—30 each, an Accountant on Rs. 45 and a sten typist on Rs. 30—3—60 for the Office of the Superintendent; and s Accountants on a pay of Rs. 30—2—40 each, 19 clerks on Rs. 25—1—5 each and three steno-typists on Rs. 35—3—50 each for the thr Assistant Superintendents.

3. MENIAL STAFF.

To entertain one attender on a pay of Rs. 20, one Daffedar on a pay . 15—½—18 and five peons on Rs. 11—½—15 each with a cycle allowance . one to one of the peons and 26 peons on a pay of Rs. 11—½—15 each.

The Hill allowances will remain unaltered.

A statement indicating the existing and sanctioned scales is enclosed and th nptroller to Government is requested to furnish early the extra cost involved i sanctioned scales and the Superintendent of Sericulture will kindly indicat source of meeting it.

The Superintendent of Sericulture is requested to re-examine the necessity fo sing the grades of the Senior Sericultural Inspectors and Sericultural Inspectors.
